Purpose:

The purpose of this RFB is to establish a Contract for the purchase of Tires by the State of Alabama. Contract prices are available to all local governmental agencies and schools. This Contract is for Goodyear brand tires only.

Award:

Award will be made All or None to the lowest responsible bidder meeting all specifications.

We will use the following scenario to award this RFB:

The purchase of \$1000.00 of tires less the percent off for each of the seven product lines.

We will add the seven product lines and award the RFB to the Vendor with the lowest total amount.

The State of Alabama requires that the Awarded Vendor have the ability to give prompt and efficient service throughout the state and to supply a full line of all types and sizes required by the state for each tire category of this contract. The state requires awarded vendor and/or sub-vendor to have an established place of business within a 25 mile radius for all cities where the population is 5,000 persons or greater for categories of tires under passenger, light truck & pursuit.

The awarded vendor shall be required to publish, print and distribute the catalog upon which they based their bid. This catalog must reflect all categories awarded to the vendor. If the state finds that there are discrepancies in the catalog and there was willful intent by the vendor the contract will be canceled and the Vendor may be debarred from conducting business with the State of Alabama for a period to be determined by the Purchasing Director.

Ordering Procedure:

When an agency is purchasing tires other than an emergency it is the agency's responsibility to notify the sub-vendor 3 days prior to arrival so that the sub-vendor has the tires in stock. If the agency has followed this procedure and the sub-vendor does not advise the agency of a delay, then when the agency arrives for purchase and/or installation the vendor/sub-vendor must supply tires equal to or better than the tires requested by that agency.

Delivery:

Delivery required only for bulk orders to various locations throughout the 67 counties in Alabama. Deliveries are to be F.O.B. destination to the ship to address on the purchase order. All bulk orders require the agency to purchase 25 or more tires. All shipments are to be unloaded by the vendor and to be acknowledged by signature by the receiving agency. All deliveries are to be within 30 days of the vendor's receipt of the purchase order, unless advised by the vendor of a delay.

Note: it is the vendor's responsibility to pay any storage and/or return freight charges incurred by the state as a result of the vendor's failure to conform to product specifications and the purchase order.

Pickup of used tires must coincide with delivery of an order placed against the contract.

In compliance with Act 2016-312, by submitting this bid the contractor hereby certifies that it is not currently engaged in, and will not engage in, the boycott of a person or an entity based in or doing business with a jurisdiction with which this state can enjoy open trade.

#### \*\*\*\*\*STANDARD TERMS and CONDITIONS\*\*\*\*\*

##### Vendor Registration and Subscription Fee

Vendors may receive bid notices by registering at the State of Alabama vendor self-service (VSS) portal, <https://procurement.staars.alabama.gov>. Vendors wishing to respond to bids must be subscribed. Bid responses will not be accepted from non-subscribed vendors. Once registered you may subscribe by clicking the “pay subscription fee” tab at the top of the VSS home page. Payments must be made by credit or debit card. Vendors should provide their VSS assigned vendor number on all bid responses. A vendor’s subscription must be maintained throughout the term of an awarded contract, to include renewal periods.

##### Non-appropriation of funds

Continuation of any agreement between the State and a bidder beyond a fiscal year is contingent upon continued legislative appropriation of funds for the purpose of this bid and any resulting agreement. Non-availability of funds at any time shall cause any agreement to become void and unenforceable and no liquidated damages shall accrue to the state as a result. The State will not incur liability beyond the payment of accrued agreement payment.

##### Proration

Any provision of a contract resulting from this bid to the contrary notwithstanding, in the event of failure of the State to make payment hereunder as a result of partial unavailability, at the time such payment is due, of such sufficient revenues of the State to make such payment (proration of appropriated funds for the State having been declared by the governor pursuant to Section 41-4-90 of the Code of Alabama 1975), the contractor shall have the option, in addition to the other remedies of the contract, of renegotiating the contract (extending or changing payment terms or amounts) or terminating the contract.

##### Intent to Award

The State of Alabama – Division of Purchasing will issue an ‘Intent to Award’ before a final award is made. The ‘Intent to Award’ will continue for a period of five (5) calendar days, after which the award will be final provided there are no protests. Upon final award, all rights to protest are forfeited. A detailed explanation of this process may be reviewed in the Alabama Administrative Code – Chapter 355-4-1(14).

#### **Alternate Bid Response**

Unless stated elsewhere in this Invitation-to-Bid (ITB) the State of Alabama will accept and evaluate alternate bid submittals on any ITB's provided the response meets all bid requirements.

#### **Internet Website Link's**

Internet and/or website links will not be accepted in bid responses as a means to supply any requirements stated in this (Invitation-to-Bid) ITB.

#### **Product Delivery, Receiving and Acceptance**

In accordance with the Universal Commerce Code (Code of Alabama, Title 7), after delivery, the State of Alabama has the right to inspect all products before accepting. The State will inspect products in a reasonable timeframe. Signature on a delivery document does not constitute acceptance by the State. The State will accept products only after satisfactory inspection.

#### **Sales Tax Exemption**

Pursuant to the Code of Alabama, 1975, Title 40-23-4 (A)(11), the State of Alabama is exempt from paying sales tax. An exemption letter will be furnished upon request.

#### **Invoices**

Inquiries concerning invoice payments are to be directed to the receiving agency.

#### **Bid Responses and Bid Results**

Unevaluated Bid Responses are available on our website at [www.purchasing.alabama.gov](http://www.purchasing.alabama.gov). The complete bid file will be made available for review in the Division of Purchasing by scheduling an appointment. We do not provide copies of bid files.

#### **Foreign Corporation – Certificate of Authority**

Alabama Law provides that a foreign corporation (an out-of-state company/firm) may not transact business in the State of Alabama until it obtains a Certificate of Authority from the Secretary of State. Section 10-2B15.01, Code of Alabama 1975. To obtain forms for a Certificate of Authority, contact the Secretary of State, Corporations Division, (334) 242-5324. The Certificate of Authority does not prevent the vendor from submitting a bid.

#### **Alabama Preferred Vendor**

A "Preferred Vendor" shall be a person, firm, or corporation that is granted preference priority by meeting all of the following criteria as established by the Code of Alabama Section 41-16-20.

Priority 1. Produces or manufacturers the product within the State.

Priority 2. Has an assembly plant or distribution facility for the product within the State.

Priority 3. Is organized for business under the applicable laws of the State as a corporation, partnership, or professional association and has maintained at least one retail outlet or service center for the product or service within the State for not less than one year prior to the deadline date for the competitive bid.

Preferred vendor status must be indicated on the pricing page(s) of your bid response in order to be considered for preferred vendor preference. By signing this bid, you affirm that the item(s) indicated meet all three criteria of a preferred vendor.

Bid item(s) meeting the criteria of preferred vendor where pricing is within 1% of the lowest compliant bid may be considered for award by the awarding authority.

Purpose:

The purpose of this RFB is to establish a Contract for the purchase of Tires by the State of Alabama. Contract prices are available to all local governmental agencies and schools. This Contract is for Firestone/Bridgestone brand tires only.

Award:

Award will be made All or None to the lowest responsible bidder meeting all specifications.

We will use the following scenario to award this RFB:

The purchase of \$1000.00 of tires less the percent off for each of the seven product lines.

We will add the seven product lines and award the RFB to the Vendor with the lowest total amount.

The State of Alabama requires that the Awarded Vendor have the ability to give prompt and efficient service throughout the state and to supply a full line of all types and sizes required by the state for each tire category of this contract. The state requires awarded vendor and/or sub-vendor to have an established place of business within a 25 mile radius for all cities where the population is 5,000 persons or greater for categories of tires under passenger, light truck & pursuit.

The awarded vendor shall be required to publish, print and distribute the catalog upon which they based their bid. This catalog must reflect all categories awarded to the vendor. If the state finds that there are discrepancies in the catalog and there was willful intent by the vendor the contract will be canceled and the Vendor may be debarred from conducting business with the State of Alabama for a period to be determined by the Purchasing Director.

Ordering Procedure:

When an agency is purchasing tires other than an emergency it is the agency's responsibility to notify the sub-vendor 3 days prior to arrival so that the sub-vendor has the tires in stock. If the agency has followed this procedure and the sub-vendor does not advise the agency of a delay, then when the agency arrives for purchase and/or installation the vendor/sub-vendor must supply tires equal to or better than the tires requested by that agency.

Delivery:

Delivery required only for bulk orders to various locations throughout the 67 counties in Alabama. Deliveries are to be F.O.B. destination to the ship to address on the purchase order. All bulk orders require the agency to purchase 25 or more tires. All shipments are to be unloaded by the vendor and to be acknowledged by signature by the receiving agency. All deliveries are to be within 30 days of the vendor's receipt of the purchase order, unless advised by the vendor of a delay.

Note: it is the vendor's responsibility to pay any storage and/or return freight charges incurred by the state as a result of the vendor's failure to conform to product specifications and the purchase order.

Pickup of used tires must coincide with delivery of an order placed against the contract.

\*\*\*\*\* **Tires Terms and Conditions** \*\*\*\*\*

Purpose:

The purpose of this RFB is to establish a Contract for the purchase of Tires by the State of Alabama. Contract prices are available to all local governmental agencies and schools. This Contract is for Michelin brand tires only.

Award:

Award will be made All or None to the lowest responsible bidder meeting all specifications.

We will use the following scenario to award this RFB:

The purchase of \$1000.00 of tires less the percent off for each of the seven product lines.

We will add the seven product lines and award the RFB to the Vendor with the lowest total amount.

The State of Alabama requires that the Awarded Vendor have the ability to give prompt and efficient service throughout the state and to supply a full line of all types and sizes required by the state for each tire category of this contract. The state requires awarded vendor and/or sub-vendor to have an established place of business within a 25 mile radius for all cities where the population is 5,000 persons or greater for categories of tires under passenger, light truck & pursuit.

The awarded vendor shall be required to publish, print and distribute the catalog upon which they based their bid. This catalog must reflect all categories awarded to the vendor. If the state finds that there are discrepancies in the catalog and there was willful intent by the vendor the contract will be canceled and the Vendor may be debarred from conducting business with the State of Alabama for a period to be determined by the Purchasing Director.

Ordering Procedure:

When an agency is purchasing tires other than an emergency it is the agency's responsibility to notify the sub-vendor 3 days prior to arrival so that the sub-vendor has the tires in stock. If the agency has followed this procedure and the sub-vendor does not advise the agency of a delay, then when the agency arrives for purchase and/or installation the vendor/sub-vendor must supply tires equal to or better than the tires requested by that agency.

Delivery:

Delivery required only for bulk orders to various locations throughout the 67 counties in Alabama. Deliveries are to be F.O.B. destination to the ship to address on the purchase order. All bulk orders require the agency to purchase 25 or more tires. All shipments are to be unloaded by the vendor and to be acknowledged by signature by the receiving agency. All deliveries are to be within 30 days of the vendor's receipt of the purchase order, unless advised by the vendor of a delay.

Note: it is the vendor's responsibility to pay any storage and/or return freight charges incurred by the state as a result of the vendor's failure to conform to product specifications and the purchase order.

Pickup of used tires must coincide with delivery of an order placed against the contract.
